

TAKE THE TOUR

Welcome to the second annual Arts and Eats tour.

Arts and Eats is a free self-driving tour of Allegan and Barry Counties and the surrounding rural region. Partner organizations collaborate to bring you the highest quality experiences in art and local food often to be encountered in those little out-of-the-way places that beg to be discovered.

This third weekend in October is a time to linger with artists in their studios, travel to farms that grow the food we eat and fiber we wear, and stop to eat in one of the local eateries serving special menu items made from food grown and purchased from local farms.

One goal of Arts and Eats is to raise awareness and appreciation of the region's human and natural resources. We invite people to take in the back roads, rural areas, land, forests, and cool villages/towns. The tour reminds people about the benefits of buying and consuming locally grown foods and supporting Michigan artists as entrepreneurs. The tour is an opportunity to contribute to a sense of place and support local economies.

We encourage you to hold onto this map and visit our participants year round. Be sure to tell them you heard about them from the Arts and Eats Tour.

> To an artful and tasteful adventure, **Arts and Eats Planning Committee**
